

**RCM
REPORT
Mile High Area – August 2008**

I attended the Regional Learning Day and Assembly in Grand Junction held on July 19th & 20th.

At the learning day on Saturday, it was nice to hear several addicts from our region share their experience, strength and hope in regards to the 12 Traditions.

The assembly on Sunday was well run and very productive; several proposals were discussed and voted on. There was some dialogue in reference to the overall participation level by GSR's and the host area in particular. It was helpful to hear from the few addicts from the western slope that were in attendance.

The report from the World Service Conference presented by our Regional Delegate (Don T.) was very thorough, and I encourage everyone to review it on the Regional Website (WWW.nacolorado.org) I am grateful for Don's service to our region and our fellowship.
